

Gagan Kukreja

Principal Scientist at Lupin Ltd.

Pharmaceuticals

<http://www.directoryinventor.com/profile/view/pzQfbNyi>

Experience

Principal Scientist

Lupin Ltd.

Pharmaceuticals

October 2009 - Present

Group Leader

Advinus

201-500 employees; Privately Held; Pharmaceuticals

August 2006 - October 2009

Involved in various aspects of Drug design and synthesis.

Postdoctoral Research Fellow

University of Siena, Department of Medicinal Chemistry, Siena, Italy

1001-5000 employees; Educational Institution; Research

February 2004 - July 2006

Involved in the development of new synthetic design strategies encompassing hybrid drugs and identification of novel chemically and metabolically stable small molecules for Antimalarial Chemotherapy & Hepatitis C Virus infection.

Research Scientist

Ranbaxy Research Laboratories Ltd

10,001+ employees; Pharmaceuticals

September 2002 - January 2004

Synthesis and designing of complex organic molecules, with activities of Medicinal interest.

Education

Delhi University

Organic Chemistry

1998 - 2002

Master in Pharmaceutical Sciences Drug Design and Synthesis, 2005 Department of Medicinal

Chemistry, University of Siena, Siena, Italy Master of Science, specializing in Organic Chemistry,
1998 Department of Chemistry, University of Delhi, Delhi, India Bachelor of Science in Chemistry,
1996 Department of Chemistry, University of Delhi, Delhi, India

Patents (1)

Inhibitors of phosphodiesterase type-IV

Venkata Palle, Sarala Balachandran, Mohammad Salman, Gagan Kukreja, Nidhi Gupta, Abhijit Ray, Sunanda G Dastidar
